U.S. DEPARTMENT OF
ENERGY

2018 Energy Exchange | Better Buildings Summit

Event Snap Shot

-  208 EEx & BBS Sessions
-  120 Technical EEx Sessions
-  556 Subject Expert Speakers
-  97 Sessions offering CEU's
-  44 GSA FPBTA aligned sessions
-  75 NDAA supported sessions

3.5 Days

(Plus Pre & Post Workshops)

6 Training Themes & 24 Tracks

3,000 Attendees expected

60%

Public Sector

(Federal, State, Local Gov)

40%

Private Sector

(ESCOs, Utilities, Industry)

WHO IS ATTENDING

Building Owners, Managers, and Operators
Federal Facility and Energy Managers
Leaders/Policy Advisors/Decision Makers
Sustainability Directors

Representing a Variety of Sectors

High Quality Energy Exchange Training Development

Energy Exchange's high quality technical content is developed by an all volunteer multi sector technical planning team.

12

of Department of Defense Key Personnel

15

of Leadership Personnel from Federal Civilian Agencies

23

of Private Sector Industry / ESCO SME's

Event Agenda

Monday, August 20, 2018

Pre-Conference

8:00 AM– 5:30 PM	FEMP Workshops	Federal Meetings
5:30 PM– 7:00 PM	Trade Show	

Tuesday, August 21, 2018

Sessions & Trade Show

8:30 AM– 10:00 AM	ENERGY EXCHANGE OPENING PLENARY			
10:00 AM– 12:00 PM	Energy Exchange Sessions 10:30 AM - 12:00 PM	Better Buildings Workshops 8:30 AM - 12:00 PM	Ask-An-Expert Lounge	Trade Show
LUNCH: 12:00 PM– 2:00 PM				
2:00 PM– 5:30 PM	Energy Exchange Sessions	Better Buildings Workshops 2:00 - 5:30 PM	Showcase Building Tours	Ask-An-Expert Lounge

Wednesday, August 22, 2018

Sessions & Trade Show

8:30 AM– 12:00 PM	Energy Exchange Sessions	Better Buildings Sessions	Ask-An-Expert Lounge	Showcase Building Tours	Buildings to Grid Roundtable 10:30 AM - 12:00 PM	Trade Show Begins at 9:00 AM
LUNCH: 12:00 PM– 2:00 PM						
12:30 PM– 2:00 PM	KEYNOTE ADDRESS					
2:00 PM– 5:30 PM	Energy Exchange Sessions	Better Buildings Sessions	Ask-An-Expert Lounge	Resilience Roundtable 2:00 - 3:30 PM		
5:30 PM– 6:00 PM	FEDERAL RECOGNITION EVENT					
6:00 PM– 7:30 PM	ENERGY EXCHANGE AND BETTER BUILDINGS SUMMIT RECEPTION					

Thursday, August 23, 2018

Sessions & Trade Show

8:30 AM– 12:00 PM	Energy Exchange Sessions	Better Buildings Sessions	Ask-An-Expert Lounge	Trade Show Begins at 9:00 AM
LUNCH: 12:00 PM– 2:00 PM				
12:30 PM– 2:00 PM	Federal Meetings	BETTER BUILDINGS PARTNER RECOGNITION		
2:00 PM– 5:30 PM		Better Buildings Sessions	Ask-An-Expert Lounge	
5:30 PM– 7:00 PM	BETTER BUILDINGS SECTOR NETWORKING EVENTS			

Friday, August 24, 2018

Post-Conference

8:00 AM– 6:00 PM	Federal Meetings	Better Buildings Workshops 8:30 AM - 1:00 PM
---------------------	------------------	---

Event Agenda

Opening Plenary

TUESDAY: 9:00 - 10:30 AM

Room: Exhibit Hall A

Leslie Nicholls

Acting Director of Federal Energy Management Program, DOE

Chip Fulghum

Deputy Undersecretary for Management, DHS

Hon. Lucian Niemeyer

Assistant Secretary of Defense for Energy, Installations, and Environment, DOD

Dr. Martin Keller

Director, National Renewable Energy Laboratory

Keynote

WEDNESDAY: 12:30 - 2:00 PM

Room: Exhibit Hall A

Dr. Kathleen Hogan

Deputy Assistant Secretary for Energy Efficiency, DOE

John Selldorf

Chief Executive Officer and President, Legrand

Frank G. Jackson

Mayor, Cleveland, OH

Bill Peacock

Chief Operating Officer, Cleveland Clinic Foundation

Jason Hartke

President, Alliance to Save Energy

Asim Haque

Chairman, Ohio Public Utilities Commission

Energy Exchange Compliance – *Congressional & Federal Mandates*

The Energy Exchange provide curated and customized based on Inter-Agency Energy Management Task Force feedback and input, ensuring the event **meets the needs of Federal agencies missions, legislative drivers, and Administration priorities.**

97 Technical Session and 14 Pre-Conference Workshops are Accredited

44 Technical Session & 14 Pre-Conference Workshops aligned with FPBTA competencies

75 Sessions support the multiple training requirements from FY2017 & FY2018 NDAA

Energy Exchange (EEx) | Better Buildings Summit (BBS) 2018 Training Themes & Tracks

Workforce, Management, and Policy Drivers

Technical Tracks:

T1 (EEx) - Workforce Development and Engagement
CEU - # 5

T2 (EEx) - Policy and Strategies
CEU - # 1

T3 (EEx) - Partnering Strategically with FEMP

Resilience and Energy Contingency Planning Implementation

Technical Tracks:

T4 (EEx) - Planning for Mission-Driven Resilience
CEU - # 9 / FBPTA - #4

T5 (EEx) - Continuity of Operations: Resilience and Contingency Solutions
CEU - # 8 / FBPTA - #1

T6 (EEx) - Distributed Generation: Contribution to Resilience
CEU - # 8 / FBPTA - #3

Optimized Design, Operations, and Maintenance for Smarter Buildings

Technical Tracks:

T7 (EEx) - Building Optimization Essentials
CEU - # 9 / FBPTA - #8

T8 (EEx) - Data Literacy
CEU - # 9 / FBPTA - #7

High-Impact Technologies and Secure Technology Applications

Technical Tracks:

T9 (EEx) - Emerging Technologies
CEU - # 9 / FBPTA - #5

T10 (EEx) - Cybersecurity Technologies and Control Systems
CEU - # 9 / FBPTA - #4

Financing, Performance Contracting, and Utility Partnerships

Technical Tracks:

T11 (EEx) - Financing and Performance Contracting
CEU - # 9 / FBPTA - #5

T12 (EEx) - M&V and Performance Assurance
CEU - # 9 / FBPTA - #2

Integrated Key Sectors: Water, Fleet, and Manufacturing

Technical Tracks:

T13 (EEx) - Water Management and Resilience
CEU - # 9 / FBPTA - #4

T14 (EEx) - Fleet
CEU - # 3

Energy Exchange Courses– *Getting Credit*

Continuing Education Units

International Association for Continuing Education and Training (IACET) continuing education units (CEUs) are available for the majority of the Energy Exchange training sessions. This year, CEU tests can be taken after sessions end. This year's training will offer 0.2 CEUs for a 1.5-hour training session.

1. Attend a CEU-designated session. The majority of sessions are eligible
2. Pass a session-specific quiz. For attendees who preregistered for Energy Exchange, quizzes will be available at the end of each business day. For those who registered on-site, quizzes will be available shortly after the end of the 2018 Energy Exchange and Better Buildings Summit. The minimum passing score is 80%.
Attendees should use the following link to access their quizzes on the Whole Building Design Guide course portal:
wbdg.org/energy-exchange-2018
Session quizzes will be available through October 31, 2018.
3. Complete the session evaluation administered through the Whole Building Design Guide course portal. Session moderators will discuss CEU requirements at the beginning of each training session.

FBPTA Credits

The Federal Buildings Personnel Training Act (FBPTA) of 2010 requires all federal personnel providing building operations and maintenance services to demonstrate competencies necessary to effectively operate government facilities. In general, this will apply to personnel performing facility management, building operations, and energy management roles. The U.S. General Services Administration (GSA) and the Facilities Management Institute (FMI) have developed an online tool for assessment and monitoring of professional development called Accelerate FM.

Where you see the GSA FBPTA symbol or notation in the Agenda At-a-Glance or the session descriptions on pages, you'll know that:

- This session has been aligned with at least one FBPTA performance.
- This session will be automatically uploaded in to AccelerateFM, the FBPTA compliance reporting tool, for all attendees with an account in AccelerateFM.
- If you don't have an account in AccelerateFM, if you create one within 30 days, this session will be uploaded for you.
- **If you want to learn more about FBPTA, visit fmi.gov or acceleratefm.us**
- Sessions that have been archived will be available for future viewing and can be added to your profile in Accelerate FM for FBPTA credit.

2018 Energy Exchange | Better Buildings Summit

 * Denotes Track with CEU Qualified Sessions
Session dates are frequently updated. Check back for the most current info.

HOME REGISTRATION AGENDA TRAINING EXHIBIT HOTEL CONTACT

2018 Technical Training Schedule

Day	Time	Session Title
Tuesday 08/21	10:30am - 12:00pm	T07-S1: Energy 101: Lighting
	2:00pm - 3:30pm	T07-S2: Energy 101: HVAC
	4:00pm - 5:30pm	T07-S3: Energy 101: Controls Data
Wednesday 08/22	8:30am - 10:00am	T07-S4: Resource Energy Managers
	10:30am - 12:00pm	T07-S5: Operations & Maintenance Part I
	2:00pm - 3:30pm	T07-S6: Operations & Maintenance Part II
	4:00pm - 5:30pm	T07-S7: Audits Part I
Thursday 08/23	8:30am - 10:00am	T07-S8: Audits Part II
	10:30am - 12:00pm	T07-S9: Commissioning Your Building: What You Need to Know

Tracks

- * Energy Exchange
- T01: Workforce Development and Engagement
- T02: Policy and Strategies
- T03: Partnering

T07-S1: Energy 101: Lighting

Lighting and lighting controls are currently evolving as fast as any time in the history of electricity. This lightning-paced lighting evolution is creating confusion. This session will be presented without slides in a "coffee-talk" style with audience participation. The discussion topics may start with fact and fiction about LEDs and what to look for, the efficiency battle, and the race to the bottom for marketing. Controls capabilities and lighting horror stories may also show up. This is the audience's track, so come prepared for provocative discussions and how a real LED ROI shows

up.

Recommended Follow-on Sessions:

- T07-S2: *Energy 101: HVAC*
(Tuesday, 2:00 PM – 3:30 PM, Room 15)
- T07-S3: *Energy 101: Controls Data*
(Tuesday, 4:00 PM – 5:30 PM, Room 15)
- T07-S4: *Resource Efficiency Managers*
(Tuesday, 8:30 AM – 10:00 AM, Room 15)

Aug 21 @ 10:30

10:30 am - 12:00 pm

Room 15

EW Dovel (Orion Energy Systems), Mike Myer (Pacific Northwest National Laboratory)

10:30am - 12:00pm T07-S9: Commissioning Your Building: What You Need to Know

Performance Contracting
 T12: M&V and

<https://www.2018energyexchange.com/training/>

Event Enhancement: DOE Expert Lounge

Lounge Features:

- Meet and talk with FEMP, DOE Staff, and DOE Lab Experts
- Attend product and tool demonstrations
- Get updates on the latest tools, products and services from FEMP and DOE
- Complete your CEUs quizzes on computer stations set up in lounge
- Have space to connect with your teams and other in the lounge area

Event Enhancement: DOE Expert Lounge

TUESDAY

10:00-10:30 AM

- Space Conditioning – *Expert: NREL*
- Federal Facility Design and Operations - *Expert: FEMP*
- Specialty Facilities (Federal Labs and Data Centers) - *Expert: FEMP*
- Federal Agency Reporting & Accountability - *Expert: FEMP*

3:30-4:00 PM

- ISO 50001 Ready and Facility Operations - *Expert: FEMP*
- Federal Agency Reporting & Accountability - *Expert: FEMP*
- Federal Workforce Development & Engagement - *Expert: FEMP*

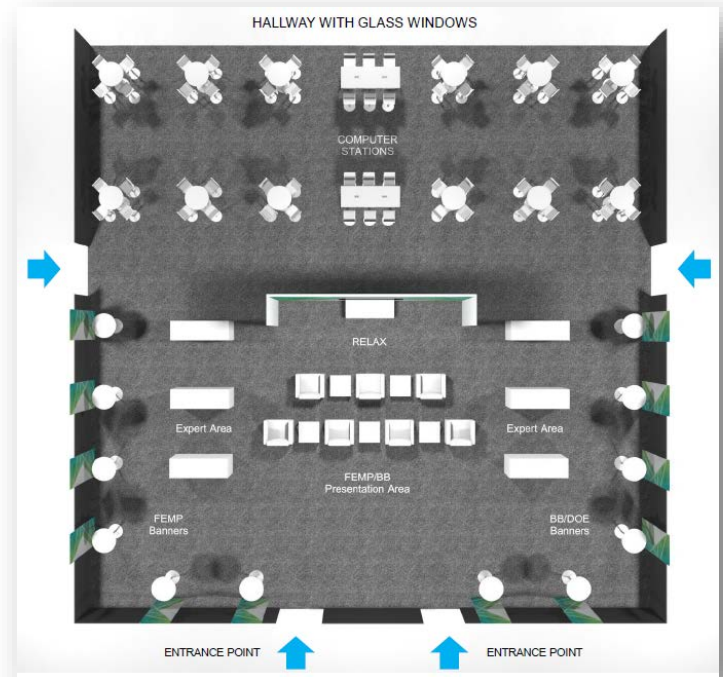

WEDNESDAY

10:00-10:30 AM

- Space Conditioning – *Expert: NREL*
- Home Energy Score – *Expert: DOE*
- Energy Data Management – *Expert: DOE*
- ESPC, UESC, ENABLE and Appropriations Project Development - *Expert: FEMP*
- Distributed Energy and Energy Procurement - *Expert: FEMP*
- Portfolio Resilience Planning and Implementation - *Expert: FEMP*

3:30-4:00 PM

- Building Envelope – *Expert: ORNL*
- Water Efficiency & 50001 Ready – *Expert: LBNL*
- Steam & Energy Assessments – *Expert: ORNL*
- Portfolio Resilience Planning and Implementation - *Expert: FEMP*
- Specialty Facilities (Federal Labs and Data Centers) - *Expert: FEMP*
- Facility Related Control Systems Security - *Expert: FEMP*

THURSDAY

10:00-10:30 AM

- Plug & Process Loads – *Expert: Waypoint Building Group*
- Building Envelope – *Expert: ORNL*
- DOE Tools – *Expert: DOE*
- Federal Agency Reporting & Accountability - *Expert: FEMP*
- Federal Workforce Development & Engagement - *Expert: FEMP*
- ESPC, UESC, ENABLE and Appropriations Project Development - *Expert: FEMP*

3:30-4:00 PM

- Plug & Process Loads – *Expert: NREL*
- Process Heating & Waste Recovery - *Expert: DOE*

2018 Energy Exchange | Better Buildings Summit

FEMP PRE-CONFERENCE WORKSHOPS

[HOME](#) [REGISTRATION](#) [AGENDA](#) [TRAINING](#) [EXHIBIT](#)

Starting on Monday, August 20, 2018 between at 8am-5:30pm FEMP will be hosting 15 Pre-Conference workshops for those attendee looking for some more in-depth and detailed training before the Energy Exchange | Better Buildings Summit.

Check out the details of the FEMP pre-conference workshops below, covering a range of specialty topics from resilience planning to financing to fleets. A number of workshops are also designed to be taken as a series, if desired or they can be taken independently. Most workshops are accredited and align with FBPTA competencies.

8:00 AM - 10:00 AM	FEMP Pre-Workshop A Operation and Maintenance of Solar Photovoltaic Systems: Reducing Cost and Improving Effectiveness						
10:15 AM - 12:15 PM	FEMP Pre-Workshop B Improving Energy Storage Performance: Control Energy Value Acquisition	FEMP Pre-Workshop C Energy and Data Analytics: Planning for Successful Projects	FEMP Pre-Workshop D Energy Storage Performance: Connecting (SOC) One-to-One Training Workshop	FEMP Pre-Workshop E Utility Storage: Central Resource Summary Training	FEMP Pre-Workshop F Tools for Assessment of the Quality of Distributed Energy Resources	FEMP Pre-Workshop G Solar-Cycle Performance Initiative (SOI)	
1:15 PM - 2:15 PM	FEMP Pre-Workshop H Energy Data Platform: Distributed Energy Platform for Federal Sites			FEMP Pre-Workshop I Financing PV Projects: Fundamentals for Federal	FEMP Pre-Workshop J Cut Your Utility Bill: Demand Response and Load Management	FEMP Pre-Workshop K How to Get Money in Your Small-Scale Center	FEMP Pre-Workshop L Federal Fleet Management 101: Pre-Conference Workshop
2:30 PM - 3:30 PM		FEMP Pre-Workshop M FEMP Pre-Conference Workshop Overview		FEMP Pre-Workshop N Grid-Feeding: Opportunities for New Construction and Existing Buildings: Getting it Right		FEMP Pre-Workshop O Using O&M: Ready to Help Meet Your Federal Energy Needs	

All FEMP pre-conference workshops are offered at NO COST and open to all conference attendees but do require separate registration for each workshop session.

[FEMP Pre-Conference Workshop B](#)

[FEMP Pre-Conference Workshop C](#)

[FEMP Pre-Conference Workshop F](#)

FEMP Pre-Conference Workshop A

Operation and Maintenance of Solar Photovoltaic Systems: Reducing Cost and Improving Effectiveness

8:00 am – 10:00 am

Exhibit Level Room 9, Huntington Convention Center, Cleveland, OH

This workshop introduces procedures to safely and cost-effectively perform effective operations and maintenance (O&M) for photovoltaic (PV) systems and covers PV system inspection, operations, preventative and corrective maintenance, O&M plans, safety and budgeting.

0.2 CEUs are offered upon completion of this course

FEMP Pre-Conference Workshop B & C are recommended following FEMP EEx Workshop A
